RUDENT PEOPLE HAVE AT MOST times surpluses, large or small, to invest. Such people are, materially, the conservators of a community. It is convenient and helpful for them to be able to engage a concern like the INDIANA TRUST COMPANY for aid to investment. By such agency their surpluses can be placed to better advantage.

It is of general benefit to a community to have a concern of this kind.

It finds out the best way for both borrower and lender, economizes effort, facilitates needed exchanges; if required, undertakes the whole management of affairs of this kind.

The Week Opens with a Fair Trade and Several Changes in Values. On the wholesale streets yesterday and on Commission row trade was fairly active, the milder weather stimulating business. In prices there were a number of changes, some being in tinners' supplies and others

in drugs. Poultry and eggs were weaker,

shippers paying but 71/2c for eggs, so large are receipts and so quiet the demand. Potatoes are 5c a bushel higher and oranges e a box up. On many other articles there is a tendency to higher prices. "Sandy" Trouber, a Negro, Almost Murders a Man.

Yesterday afternoon, shortly after 5 o'clock, Lynn Good, residing at No. 385 North East street, narrowly escaped death by a cut around the throat and head with a razor in the hands of "Sandy" Trouber. colored, at the corner of Massachusetts avenue and Liberty street. Trouber is employed at Allison's livery stable on Massachusetts avenue, and Good frequents the place. About 4:30 o'clock Trouber, who is of a pugnacious nature, became involved in a fight with a man who threw him out of a saloon. The fight continued on the sidewalk but was ended by Trouber running away. The excitement had abated but about 5 o'clock, Trouber, who had secured a razor, returned to the corner and, without warning, cut Good several times about the head and throat. Trouber at once fled as he saw Good fall. Good, in a bleeding condition, was carried to L. T. Nash's drug store, at the corner of Park avenue and Walnut street. Dr. F. T. Rudy was summoned and dressed Good's wounds which consisted of a cut two and one-half inches long on the right side of the throat, exposing the jugular; the right ear slightly cut and a gash on the head back of the left ear. The gash was the most dangerous wound, as it severed an artery. Good bled profusely for a time and it was feared that he would bleed to death. Finally, Dr. Rudy succeeded in ty-ing the artery and Good was pronounced out of danger.

The entire police force in the northern part of the city was watching for Trouber. He was at last located about 8:30 o'clock in a saloon on Washington street, near Mississippi street, by patroimen Bray and King, who arrested him on a charge of assault and battery with intent to kill.

"Miss" Gregory in a Cell.

Lizzie Gregory, a noted character, who is being held at the police station awaiting an insanity inquest grew violent yesterday and literally demolished the furniture in the cell in which she was confined. There are four bed cots in the cell. Yesterday, Joe Stevens, the porter, brought her dinner to the cell and noticed that the coverings of the cots had been thrown in a heap in the corner. The cots were scattered in various manners around the room. Stevens asked Lizzie why she acted thus. Lizzie replied that she was seeking her revenge on the police authorities, and added that her revenge was not satiated. Stevens retired, but in a few moments heard an unearthly sound. He rushed to the cell and found "Miss" Gregory playing havoc with the window panes. Some dishes that had been left in the room were broken into a thousand pieces, while the bed clothing resembled rags ready to be made into a rag carpet. Stevens decided to put her into the dungeon. It proved a difficult task, "Miss" Gregory clawed and fought with her utmost strength but was finally landed in the dungeon, after which she continued to scream and shriek to her heart's content. Stevens presented a dilapidated condition after his experience.

Sold Gold Watches Cheap. Sophers Jenson, who claims to be from Chicago, was arrested, yesterday afternoon, by detectives Kinney and Richards on a charge of peddling without a license. Jenson, when arrested, was selling gold waches worth from \$20 to \$30 for \$5, near Illinois and Market streets. He could give no explanation of himself and, as he had no license, the officers arrested him on the above charge, with the view of holding him

until his identity could be proven. Use the covers of tin lard and cottolene pails to place under pots and pans when the stove is too hot.

ALL MARKETS WEAK

Declines from Saturday in Both Grain and Provisions.

Wheat Alone Rallied at the Close and Scored an Advance of 1-4c in the Final Trades at Chicago.

CHICAGO, April 2.-Wheat averaged firm, with an interval of midday weakness sandwiched between early and late strength, and closed 4c higher. There was more reliance placed in the reports of crop damage, which came in shoals from all directions. If the States of Kansas and Missouri do not get copious, warm rains within the next ten days not much hope will be left, reports said, of even half a crop. Corn, oats and provisions are weak. The weakness in all three was occasioned by too liberal receipts.

Wheat opened rather easy at about 1/3c lower than it closed on Saturday, but soon recovered and ruled firm, until after the visible supply statement showed a smaller decrease than had been looked for. The opening for May was at from 59% to 60c, compared with 601/sc at the close on Saturday. There was an improvement during the morning to 60%c but when the visible showed a decrease of only 705,000 bu, instead of 1,000,000 bu, it dropped back to 59%c. The reports from the country concerning the effect of the freeze on the plants were the governing influences following the easiness at the opening. Pardridge and the visible supply statements were the influences which followed. The former's house was selling wheat freely during the forenoon, and the effect that had on the market was considerable. The Liverpool market was quoted firm at the opening. The amount on ocean passage increased 384,000 bu during the past week. Liverpool stocks for the same time increased 37,000 bu, and since March 1 decreased 1,500,000 bu. The total stock of wheat in Liverpool now is 1,996,000 centals. Chicago receipts for the day were thirty-six cars. Minneapolis and Duluth reported 424. A year ago Chicago receipts were 217 cars and Minneapolis and Duluth got 961 cars. An attempt on the part of a prominent commission house to cover some wheat sold early in the day discovered the fact of the crowd having no more for sale, and there then occurred a lively rally, which left May at 60%c, or %c gain for the

There was a fair atendance in the corn pit and a moderate amount of trading. The tendency was, in the main, toward lower prices. The receipts were 326 cars, and the estimates for to-morrow were 483 cars. The price of May at the start was 37½c, compared with 37½c at the close on Saturday. There was a slightly hardening tendency while the early advance in wheat was in progress, and as high as 37½@37½c was realized for a little at that time. With the subsequent weaker feeling in wheat, the price of May corn dropped back to 37%c. The final rally in wheat brought corn back to 37%c at the close, showing 1/80

There was a moderately active business transacted in oats and the market on all deliveries, with the exception of July, ruled a shade easier in sympathy with the wheat and corn markets. May opened off 1/60 from Saturday's last quotation at 31c, and weakened still further to 30% c. It sold up again to 30% @31c, and was offered at that price at the close.

There was only a light trade done in the provision pit, and the feeling was rather heavy. The heaviness was due to a large run of hogs reported from the yards. The receipts to-day were 44,000, and prices were quoted from 10c to 15c lower. A little buying caused a late rally, and the list closed firm. Compared with Saturday, May pork is 10c lower, May lard unchanged, and May ribs .05c lower. The railroads restored east-bound rates to New York today to the regular tariff, 20c per 100 lbs on flour and grain and 30c on provisions. Lake rates are dull and easy at 1%c asked for corn to Buffalo and 3c to Kingston. Estimated receipts for to-morrow are: Wheat, 56 cars; corn, 483 cars; oats, 410 cars; hogs, 24,000. No Board of Trade markets to-morrow, it being municipal election
